- 2 A club-carrying apparatus includes a bag and a support device. The
- 3 support device includes two legs, two rods, a ferrule, a pad and an anchor.
- 4 The legs are pivotally connected with the bag. Each of the rods includes
- 5 an upper end, a lower end and a waist between the ends. The upper end
- of each of the rods is attached to one of the legs. The ferrule binds the
- 7 waists of the rods. The lower ends of the rods are attached to the pad.
- 8 The anchor is installed on the bag in order to hook the rods.
